

## Doylestown Health Gastroenterology COLONOSCOPY INSTRUCTIONS

Procedure Scheduling 215.345.6050 ext. #152  
Open Access Scheduling 215.345.6050 ext. #103

### LOCATION AND TIME

- You will receive a telephone call by 4:00 p.m., from the GI Suite, on the day prior to your procedure date, for your arrival time. Please be aware your arrival time may be subject to change.
- Report directly to the GI Suite, located in The Pavilion, South Entrance, Suite 102.
- Please plan to be in the GI Suite for about two (2) hours.
- You may not drive after your procedure. Please arrange for someone to drive you home.

### MEDICATIONS:

- Be sure you have discussed any blood thinning medication(s) (Plavix/Clopidogrel, Coumadin/Warfarin, Pradaxa, Effient, Eliquis, Xarelto, etc.) with your doctor and understand when to stop the medication(s) prior to your procedure.
- It is okay to take 81mg aspirin, if prescribed by a physician.
- **Diabetic Patients:** Hold your Metformin on the prep day and day of procedure. It is okay to take the medication with your first post-procedure meal. All other oral diabetic medications, consult your prescribing physician.
- **Insulin-dependent Diabetic Patients:** You should consult your prescribing physician to adjust dose(s) prior to your procedure.

### MEDICATIONS TO HOLD:

#### 14 DAYS PRIOR TO PROCEDURE:

- If your insurance company requires a referral, please contact your primary care physician
- Be sure you have your prep kit. There may be additional over-the-counter tablets you will need for your bowel prep. **IF NEEDED**, you may purchase the tablets from our Front Desk.

#### 7 DAYS PRIOR TO PROCEDURE:

- If you have constipation, start taking 1 capful (17g) every night, of tasteless Miralax/polyethylene glycol powder with 8 oz.. of any liquid
- **HOLD** the following supplements: Iron, Multivitamin + Iron, Vitamin E and ALL Fish Oil(s).
- **HOLD NSAIDs** – Ibuprofen/Motrin/Advil/Aleve, etc. It is okay to take Tylenol/Acetaminophen.

#### 5 DAYS PRIOR TO PROCEDURE:

- Hydrate well with water
- Begin a low fiber/low roughage/residue diet (SEE ATTACHMENT A)
- **OKAY TO EAT:** peeled and well-cooked vegetables like potatoes without skins, cooked carrots ripe, peeled fruits (no skin or seeds) like bananas, apples, cantaloupe, canned or cooked fruits (without skin or seeds), bread without visible grain, rice, lean meats, dairy
- **AVOID RAW** fruits and vegetables
- **AVOID** corn, nuts, seeds, quinoa, whole grains/breads with grain/seeds
- **AVOID** bran, flax seed, and chia seeds
- You may take powder based fiber supplements like Metamucil, Benefiber, or Citrucel

#### 1 DAY BEFORE PROCEDURE/DAY OF PREP:

- Clear Liquid Diet Only All Day (SEE ATTACHMENT B) – **NO SOLID FOODS!**
- Follow instructions on the attached prep sheet. Disregard the prep kit packaging instructions (if applicable).

**Please note the following:**

**Cancellation and reschedule Policy:**

To maintain reasonable wait times for all patients if you reschedule, cancel or no show to more than three (3) GI procedures and/or office visits within one year with our office (Doylestown Health Gastroenterology), we reserve the right to discharge you from the practice.

**Any cancellation or rescheduling that occurs with less than 5 (five) days prior to procedure date will result in a \$150 fee.**

If your insurance changes prior to your procedure you MUST call the office. If you do not call in advance your procedure may be rescheduled.

Please bring the "Patient Medication and Allergy List" (see attached form) with you; and have it filled out completely.

Please DO NOT bring valuables such as wallets, handbags, etc., into the GI Suite/SDS on the day of your procedure. We DO NOT have lockers. You may bring your cell phone.

If your insurance policy requires a referral, please call your Primary Care Physician to have them issue one to Doylestown Health Gastroenterology – NPI#1760999635. Our Central Billing office will submit the claim to your insurance company. Due to various insurance companies and policies, we are unable to tell you what your insurance company will pay for your procedure(s). If you need an estimate of costs, please telephone the Doylestown Hospital Priceline on 215.918.5515.

## ATTACHMENT A

Ensure Clear juice drink (not red or purple)	

## COLONOSCOPY WITH SUTAB PREP

DO NOT TAKE SOLID FOOD OR MILK PRODUCTS ON THE DAY OF YOUR PREP  
(DAY OF PREP IS THE DAY BEFORE YOUR PROCEDURE). CLEAR LIQUID DIET ONLY!  
(SEE **ATTACHMENT B** FOR PERMITTED LIQUIDS)

**REMINDER:** In addition to the Sutab Kit, you will need the following over-the-counter tablets:

- **FOUR (4)** 80 mg tablets of GAS-X/simethicone tablets or chewables (multiple dosages are available – any combination totaling between 125 mg – 250 mg is okay)

**FOLLOW THE STEPS BELOW – DISREGARD SUTAB PREP PACKAGING INSTRUCTIONS:**

**TAKE 1ST DOSE OF SUTAB AT 5:00 P.M. – FOLLOW STEPS 1 AND 2 BELOW:**

STEP ONE	STEP TWO
<p>1. This step should be done over 1 hour <b>SLOWLY</b>. Open ONE (1) bottle of 12 tablets of SuTab. You will need 32 oz. of water. Swallow each tablet with a <b>SIP</b> of water. Take 1 tablet every 5 minutes. This step must be completed in 60 minutes. Finish all 32 oz. of water.</p> <p>2. Take two (2) 80 mg of GAS-X/simethicone tablets/chewables with an additional 8 oz. glass of water.</p>	<p>30 minutes after you finish Step One, have another 16 oz. of water and drink the entire amount over 30 minutes.</p>

**YOU NEED TO DRINK ALL WATER LISTED – MORE WATER IS EVEN BETTER**

• **TAKE 2ND DOSE OF SUTAB 5 HOURS PRIOR TO YOUR ARRIVAL TIME– FOLLOW STEPS 1 and 2 ABOVE.**

You must be finished taking the tablets and drinking the water 3 hours prior to your arrival.

**NOTHING BY MOUTH, THIS INCLUDES ALL LIQUIDS, 3 HOURS PRIOR TO YOUR ARRIVAL TIME.**

No oral medications, however, it is okay to take your blood pressure medication(s) or any other necessary medication(s) you have discussed with your physician, with a small sip of water, at least 3 hours prior to your arrival time.

### **Preparation Tips:**

The bowel preparation will cause diarrhea, so please plan accordingly. It is important to stay hydrated. You should be drinking clear liquids throughout the day to prevent dehydration.

It is common to experience abdominal discomfort until the stool is flushed from your colon. Rarely, people may experience nausea or vomiting with the prep. If this occurs, please call the office, 215.345.6050.

*Anal skin irritation or hemorrhoid inflammation* may occur and can be treated with over the counter remedies including hydrocortisone creams, baby wipes or Tucks pads. Do not use products containing alcohol.

Expect your stool output to be a clear liquid yellow color. If you have brown output, please contact the GI Suite at 215.345.2211. A brown output generally indicates you may not be clear enough for your procedure

BARCODE

PATIENT LABEL
